

INDUCTION OF SPECIAL EDUCATION PROGRAMME IN OUR SCHOOL CAMPUS

"Every child is gifted. Each child blooms at different times."

Special educators work with students who have different learning difficulties and handhold the children from the basic level to an enhanced level. These remedial classes will be conducted after school hours by the special educators, along with the team of our teachers on all the weekdays. The objective of this endeavour is to develop an environment in a customized manner to suit the needs of the children with learning difficulties to reach the maximum level of effectiveness in school subjects. These classes are conducted free of cost.

A team of special educators under the stewardship of Dr. VIRUDHAGIRINATHAN, Consultant Clinical Neuropsychologist, who has 40 years of experience in Clinical Neuropsychology. He caters to the needs of children with Specific Learning Difficulty (SLD), Attention Deficit Hyperactivity Disorder (ADHD), Autism Spectrum Disorder (ASD) in children for identification and management.
